Novotel Perth Murray Street is an Ecotourism Australia certified venue. When you hold events in our meeting rooms or stay at our hotel, you can rest assured that we are following best practices for sustainability. The following initiatives assist you in running your events and meetings more sustainably.

Plastic free_

Meeting rooms at Novotel are 100% plastic free! There is no one-time-use plastic in the form of individual glasses, bottles or plates. In addition, any plastic in the room is recyclable or reusable.

Share Your Bottle_

To strengthen the green meeting philosophy, water is available in big shared jugs. By providing jugs, people are sharing and are not consuming one-time use bottles or glasses, thus avoiding water and plastic waste.

Sustainable Meetings Toolbox_

Your toolbox contains reusable writing instruments and meeting essentials that are designed to be shared, replacing the "one pen and one paper per person" concept. By December 2024 new pens made from recycled paper will also be introduced.

Energy Saving_

Conference floor and meetings rooms equipped with sensor lighting that turn off automatically when not in use.

Saving Trees_

Paper flip charts and whiteboards have been replaced by electronic Samsung Flips
